

Smart Mobile Stations

The IAC Smart Mobile Station (SMS) is a compact, mobile workstation built for on-the-go computing, scanning, printing, or testing. Available in standard and premium models, it supports essential tools and devices wherever work needs to happen—plugged in or cordless.

- Two Models: Standard (no battery) and Premium (with rechargeable battery)
- Cordless Power (Premium): Up to 9 hours of 110VAC, 750W power
- Digital Monitoring: Battery usage display and low power alarm (Premium only)
- Ergonomic Handling: Built-in guide handles for smooth mobility
- Stable & Durable: 250 lb load capacity, locking rubber casters
- Flexible Power Access: Up to 10 integrated 110AC outlets
- Efficient Cooling: Ventilated battery enclosure (Premium only)
- Compact Design: 26" W x 28" D, heights of 56.5" or 68.5"
- Made in the USA

Smart Mobile Stations (26)

Code	Product	Width inches	Depth inches	Height inches	Adjustment method	Max load lbs	ESD	Frame material	Warranty years
2052001	Smart Mobile Station S1 Pre-Configured Model	30	25.98	68.5	Manually adjustable	399	No	Aluminium, epoxy powder coated steel	10
2052002	Smart Mobile Station S2 Pre-Configured Model	30	25.98	68.5	Manually adjustable	399	No	Aluminium, epoxy powder coated steel	10
2052003	Smart Mobile Station S3 Pre-Configured Model	30	25.98	68.5	Manually adjustable	399	No	Aluminium, epoxy powder coated steel	10
2052004	Smart Mobile Station S4 Pre-Configured Model	30	25.98	68.5	Manually adjustable	399	No	Aluminium, epoxy powder coated steel	10
2052005	Smart Mobile Station S5 Pre-Configured Model	30	25.98	68.5	Manually adjustable	399	No	Aluminium, epoxy powder coated steel	10
