

Dimension 4 Accessory Stations

Dimension 4 Accessory Stations provide flexible storage, organization, and productivity enhancements wherever additional workspace is needed. Designed for use alongside workbenches, conveyors, and production equipment, these modular stations support a wide range of accessories that help keep tools, parts, documents, and supplies organized and within easy reach.

- Designed to add storage and organization adjacent to workbenches, conveyors, and production lines.
- Grooved uprights support a wide range of adjustable accessories that can be positioned at virtually any height.
- Compatible with Dimension 4 accessories: shelves, lighting, power strips, tool trolleys, bin rails, monitor mounts, and swing arm accessories.
- Available in static (SAS) or mobile (MAS) configurations to support changing workflow needs.
- Helps organize manuals, tools, test equipment, parts, and production supplies.
- Based on the proven Dimension 4 modular workstation design.
- Available in lengths from 36" to 72", depths of 24" or 30", and heights up to 89".
- Supports up to 500 lbs. of total load capacity.
